IT Policy, Procedure, and Process

Policies

Formal direction that imposes specific responsibilities. Policies explain what is expected to be achieved.

See available policies >

Standards

A set of operational or technical measures, procedures or practices for government-wide use. Standards provide more detailed information on how managers and functional specialists are expected to conduct certain aspects of their duties.

See available standards >

Guidelines

A document providing guidance, advice or explanation to managers or functional area specialists.

See available guidelines >
